Essex County Transit Guide

COUNTY OF ESSEX NEW JERSEY

A comprehensive guide to local and regional public transit services in the county

Prepared by the Essex County - Department of Planning and Economic Development from a grant by NJ TRANSIT

HOW TO USE THE TRANSIT GUIDE CHART

The numbers and letters in the triangular chart show the services that directly connect any two given Essex County municipalities. For example, if you want to determine how to travel between East Orange and Irvington, follow the vertical column below "East Orange" to the horizontal line opposite "Irvington". Within that box you'll find routes 51, 90 and 94, indicating the bus routes that connect those two municipalities.

Where more than one number appears, check the map to see which bus or rail line will travel closest to your destination. A blank box indicates that no direct service is available between the two given municipalities.

COMO USAR LA GUIA DE TRANSITO DEL CONDADO DE ESSEX

Los numeros y letras en la carta triangular muestran los servicios que conectan directamente dos municipalidades del condado de Essex. Por ejemplo, si usted desea determinar como viajar entre East Orange, Irvington, siga la columna vertical bajo East Orange hasta la columna horizontal opuesta de Irvington. Dentro de ese cuadro usted encontrara las rutas 51, 90 y 94, indicando las rutas de autobuses que conectan ambas municipalidades.

Donde aparesca mas de un numero, busque en el mapa para ver cual autobus o lines de tren queda mas serqua de su punto de llegada. El cuadro en blanco indica que no hay ningun servicio directo disponible entre las dos municipalidades.
